

**Waterproof housing for
KSR.500 / KSR.550**

Needed parts (from right to left):

Housing for KSR.500 / KSR.550 (Part no: GEH0400 (small: 60x60x30mm; large: 60x80x30mm))

Rubber sealing (Part no: ZUB000253.1)

Plastic cap (Part no: ZUB000256)

Rubber nozzle (Part no: ZUB000253.2)

**Waterproof housing for
KSR.500 / KSR.550**

Assembly:

- a. Put rubber sealing on plastic cap

**Waterproof housing for
KSR.500 / KSR.550**

b. Connect plastic cap to housing

c. Cut open end of rubber ducts as needed (depending on the cables you need to put through) and connect rubber nozzle to plastic cap.
The rubber flap helps to connect / disconnect the nozzle.
