

Battery for TL2

PRO series

PRODUCT NAME: Battery for TL2

PRODUCT NUMBER: 80020-S3

DESCRIPTION:

Rechargeable battery for task lamp TL2
w/sliding grip for clip connector

TECHNICAL INFORMATION

Battery

7.4V, 4000mAh, 29.6Wh
18650 Lithium-Ion batteries (4 pcs),
rechargeable

Housing

ABS, in black with red indications
where to click on/off battery

Power:

Charger Operating Voltage

100V-240V, 50-60Hz

Charger Output

DC12V – 1000mA

SPECIFICATIONS

Run Time approx.

2,5 – 3 hours at 1200 lumens

7.5 – 8 hours at 600 lumens

Charging Time approx.

6 hours

Charging Indicator

Yes

IP/IK Rating

IP44/IK07

IEC Protection Class

II

Operating Temperature Range

-20 to +60°C

Charging Port

Round hole

Battery Weight (g)

284

Battery dimensions (cm)

7.4 x 3.2 x 17.8

GENERAL INFORMATION

Harmonized Standard Code

85076000090

EAN Code 1 pcs or 48 pcs

5703296 800938 & 5703296 810234

Packaging:

Sales box (1 pcs)

White carton w. bar code & description

Box Size (cm)

7.5 x 3.4 x 18

Box weight (g)

312

Carton Size (cm)

41 x 39.5 x 26

Carton Weight (kg)

16

Quantity per carton

48 pieces

The battery can easily be replaced by pressing the red button at the right and sliding the battery into place.

The click on system at the back of the battery makes it easy to attach and detach the lamp to the various accessories

SAFETY & USAGE INSTRUCTIONS

Always charge the battery fully before first use and always use the charger enclosed with the lamp - never a modified or damaged charger.

Do not leave on charge for over 24 hours.

Do not turn on the lamp, while battery is charging.

Do not disassemble! Note that using the battery in cold environments will shorten the run time.

Recharge every 6 months when not in use.

Version 1 05/2017
