

# CRAFTSMAN 1200R

---

Introducing the Elwis Craftsman 1200R: The Ultimate Work and Bonnet Lamp Companion. The Elwis Craftsman 1200R is a cutting-edge work and bonnet lamp designed to enhance and improve your work.

## A Powerful Companion

Engineered to deliver a stunning 1200 lumens of brilliant, clear light, this versatile lamp is a must-have for professionals and DIY enthusiasts alike. With a powerful 10W COB LED and a color temperature of 6400K, the Elwis Craftsman 1200R offers a remarkable level of brightness and clarity, that enhances your ability to tackle intricate tasks with precision. Whether you're repairing, crafting, or working in tight spaces, the 1200 lumens will ensure every detail is illuminated to perfection.

## Tailored Brightness Control

Experience unparalleled flexibility with the stepless dimming feature, allowing you to adjust the luminosity from an impressive 1200 lumens down to a subtle 80 lumens. You can adapt the lighting intensity to your specific needs, and achieve the perfect ambiance for any situation.

## Extended Working Hours

Say goodbye to interruptions due to battery life constraints. The Elwis Craftsman 1200R offers an impressive battery life, of 2 to 15 hours, depending on the selected lumens setting. Therefore, you will have plenty of time to complete all tasks and intricate projects.

## Secure Mounting Options

Designed with your convenience in mind, the Elwis Craftsman 1200R features both built-in magnets and durable hooks for added flexibility and easy attachment to various surfaces. Whether you're attaching it to a metallic workbench or hanging it securely in your workspace, you can trust reliable fastening mechanisms to keep your lamp in place.

## Charging and Protection

Keep your productivity flowing seamlessly with the Elwis Craftsman 1200R's USB-C rechargeable functionality. Connect to a USB power source, and your lamp will be ready for action in just 5 hours. The IP44 protection rating ensures resistance against dust and water splashes, giving you peace of mind when working in challenging conditions.
