ABOUT RAM® MOUNTS

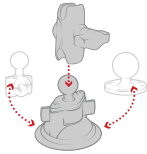

RAM® Mounts manufactures rugged and versatile mounting systems for cameras, tablets, and other mobile devices that can be attached nearly anywhere. Unlike other mounts on the market, RAM® allows you to secure devices where you need them most. The unique design of the RAM® Mounts system provides quick installation, adjustability, strength, vibration damping, and durability—all at a low cost. Backed by a lifetime warranty, RAM® uses powder-coated, marine-grade aluminum with lightweight and high-strength composites, stainless steel hardware, and rubber balls.

THE RAM® DIFFERENCE

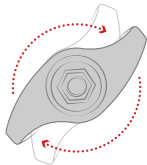

PREMIUM DESIGN

The rubber ball and socket design of our mounting systems offers a secure hold, with near-infinite adjustability and vibration damping for the most demanding environments. With thousands of components trusted by users around the world, we've been able to design and develop mounting solutions that consumers and companies previously only dreamed were possible.

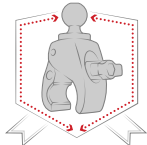

CUSTOMIZABLE

Take your phone mount from your truck to your boat, or mix and match components to create your ideal mount. Because of the modularity of the RAM® system, you can customize your solution to fit your specific needs in almost any application.

QUALITY MATERIALS

A premium design deserves the highest quality materials available, from rubber and stainless steel to high-strength composites and marine-grade aluminum. Our facilities— including powder coating, die casting, rubber injection molding, and shock and vibration testing—help us deliver on this promise to bring you inventive mounting solutions.

LIFETIME WARRANTY

It's simple. Our reputation as the leader of premier mounting systems means if we build it, then we guarantee it. We're confident in the quality of our products, and with our warranty, you can be too.

NATIONAL PRODUCTS INC. (NPI)

Introduced in 1995, National Products Inc. (NPI) quickly became the leading manufacturer of rugged and versatile mounting solutions. RAM® Mounts has grown to offer approximately 5,000 modular components—the most innovative product line of its kind for nearly any application and device, including phones, tablets, GPS systems, laptops, marine electronics, printers, radios, and much more.

In addition to RAM® Mounts, NPI is also the creator of award-winning IntelliSkin® sleeves and GDS® Technology™ products. IntelliSkin® sleeves ruggedize a wide range of consumer phones and tablets, while the GDS® Ecosystem™ provides users the ability to securely charge, dock, and sync devices in the most demanding environments.

NPI is proudly located in Seattle, Washington in the same neighborhood where the company was started.

PARTNER WITH RAM® MOUNTS

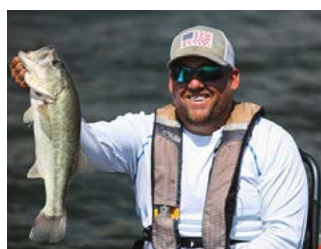

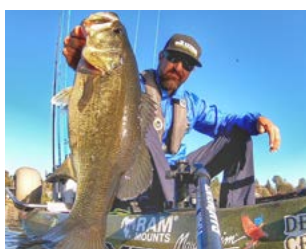

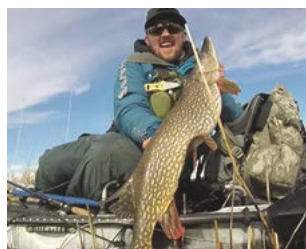

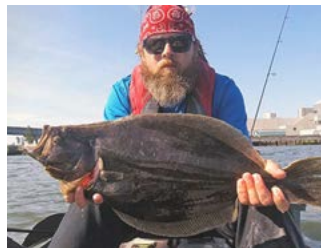

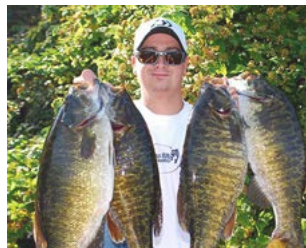

Here at RAM® Mounts, we believe that unfathomable things are possible with ingenuity. With a portfolio of more than 5,000 SKUs paired with innovative engineers and in-house product experts, we have the tools and expertise needed to create solutions that you didn't know were possible. We have the ability to solve your mounting challenges quickly, efficiently, and cost effectively.

SPONSORED ATHLETES

RAM® MOUNTS FISHING TEAM

At RAM® Mounts, we love fishing and we love supporting the anglers who we consider ambassadors of such a great pastime. That's why we're proud to introduce the RAM® Fishing Team—comprised of tournament anglers, licensed fishing guides, and more. Each RAM® Fishing Team member is an expert in their field utilizing countless RAM® Mounts from rod holders, fishfinder mounts, action camera mounts and more to optimize their fishing experience for fun, and for sport. Be sure to follow them via social media to stay up to date on all of their latest adventures.

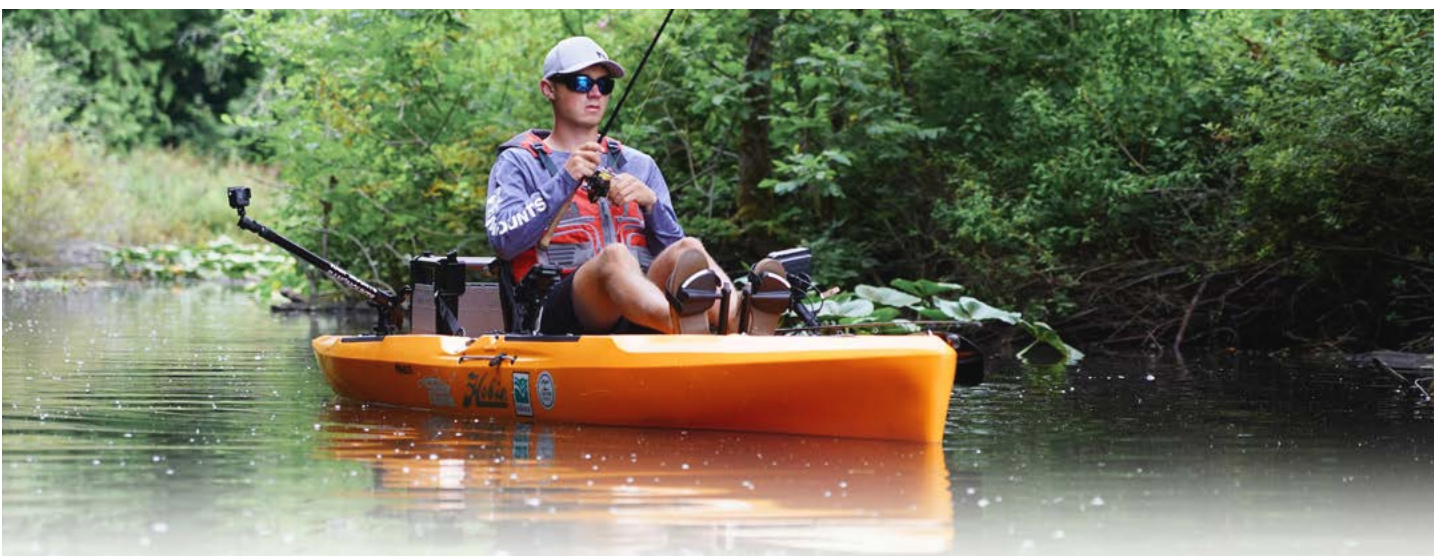

SPONSORED ATHLETES / RAM® MOUNTS FISHING TEAM CONTINUED

KRISTINE FISCHER

Born and raised in Weeping Water, Nebraska, Kristine wasn't one to adhere to societal norms. Growing up in a home unimpeded by the restraints of a television, she had a natural inclination to the outdoors. This paved the way for her career, as she lives full-time on the road, competing in tough kayak bass fishing tournaments.

In 2019 alone, she boasted three national level wins, and hopes to continue to break down barriers in redefining the female angler stereotype. Her favorite RAM® Mount, hands-down, is the RAM® Tough-Pole™ 48" Camera Mount with Double Pipe & Dual Track Base (RAP-411-18-18-A-GOP1).

JAXTON ORR

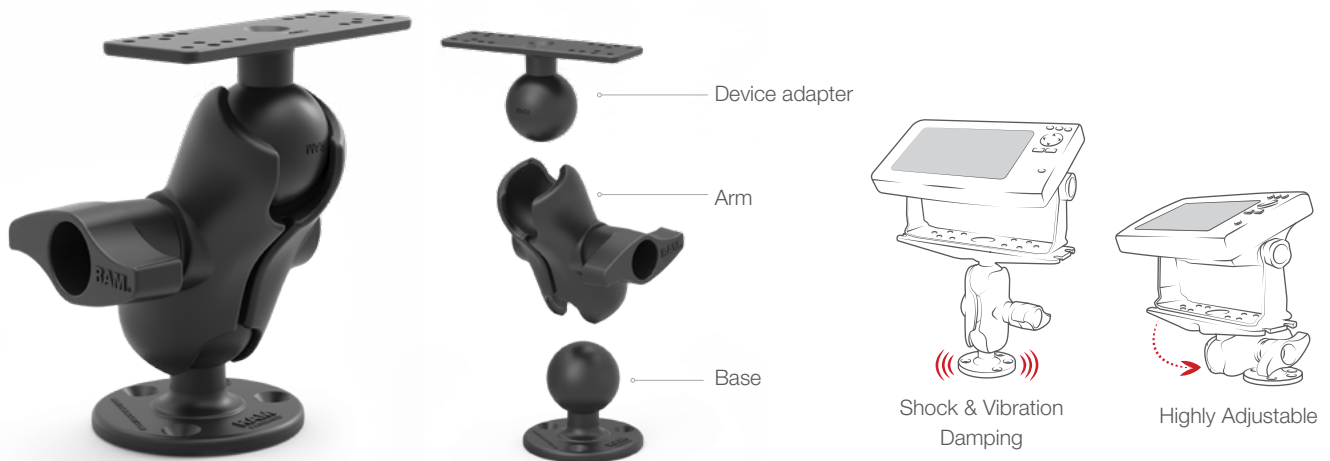

Jaxton Orr is a 17 year-old angler from Fort Wayne, Indiana and has been fishing for 12 years. Jaxton entered the kayak fishing scene in 2017, participating in the Indiana Kayak Anglers local tournament trail and rapidly migrated to the national tournament scene the following year. In his short three year career, Jaxton has amassed 15 first place finishes, seven second place finishes and seven third place finishes. He has a heart for philanthropy and is passionate about helping others through his annual K.A.T.C.H.

(Kayak Anglers Together Can Help) charity tournament as the tournament director. Jaxton is extremely humbled and blessed to have endless support and continued encouragement from his family, friends, mentors, and sponsors as he passionately pursues his dream. His favorite RAM® Mount is the new RAM® Quick-Grip™ Wireless Charging Phone Mount with the Tough-Claw™ (RAM-B-400-A-UN14W-V7M).

HOW IT WORKS

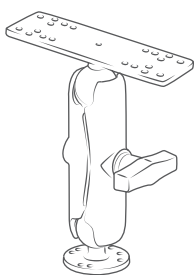

BOATING MOUNTS DOUBLE BALL MOUNTS

Out on the water, we know that the ideal experience requires having the versatility to confidently place and adjust your expensive fishfinders and other devices to any position while maintaining the structure of the mount out on harsh waters. Ball and socket technology allows for near-infinite adjustability while providing the holding power to support heavy devices in the harshest environments. Simply attach the ball adapter to your device and connect with the correct size socket arm to place on to the mounting base in the location of your choosing.

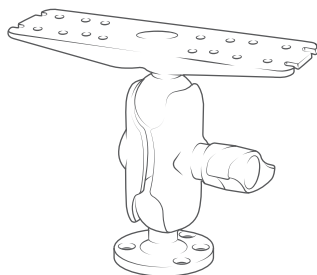

GENERAL RULE

Different Sizes of Ball & Socket Mounts are intended for different weight capacities and device sizes. For boats in heavy duty environments, RAM® recommends C Size mounts for 4" – 7" fishfinders, and D Size mounts for 8" – 16" fishfinders and plotters. Swing arm mounts with no ball components can support any size fishfinder or plotter.

C Size 1.5" Ball Mounts
For C Size 1.5" Ball Mounts
Holds up to 4 lbs
4" – 7" Fishfinders & Plotters

D Size 2.25" Ball Mounts
For D Size 2.25" Ball Mounts
Holds up to 6 lbs
8" – 16" Fishfinders & Plotters

AVAILABLE IN

HOW IT WORKS / BOATING MOUNTS CONTINUED

SWING ARM MOUNTS

For those who desire the simple stability to adjust of your device on the X-axis, our RAM® Swing Arm Mounts support 360° horizontal rotations, available with single and double pivot points for dual-articulation. Simply attach your device to the adapter plate, similar to double mount setups, and secure the swing arm mount to the vessel for an easy 2-step installation. Our swing arm mounts can also be mounted on a horizontal or vertical flat surface for a wide range of compatible mounting locations.

AVAILABLE IN

Single & Double Swing Arm Extensions

RAM® Tough-Claw™ Small Clamp Mount with Universal Action Camera Adapter

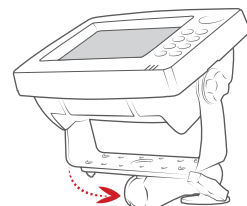

HOW IT WORKS

KAYAKING MOUNTS DOUBLE BALL MOUNTS

Space can become limited in a kayak, especially when you factor in the space you take up along with the many devices, fish containers, fishing rods, paddles, snacks and more—that's why RAM® Mounts designs the most versatile and rugged mounts on the market so you can feel confident your device is secure and adjustable to declutter the space in your kayak. Ball and socket technology allows for near-infinite adjustability while providing the holding power to support heavy devices in the harshest environments by simply attaching the ball adapter to your device and connect with the correct size socket arm to place on to the mounting base in the location of your choosing.

Shock & Vibration Damping

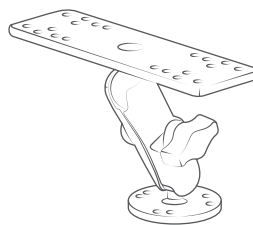

Highly Adjustable

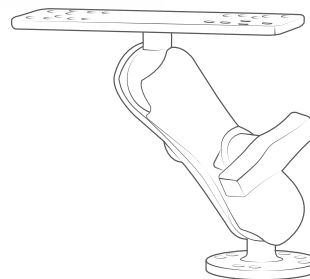

GENERAL RULE

Different Sizes of Ball & Socket Mounts are intended for different weight capacities and device sizes. For kayaks, RAM® recommends B Size mounts for up to 5" fishfinders and plotters, and C Size mounts for up to 9" fishfinders and plotters. Drill-down, track mounting and interchangeable components are available in both B Size and C Size.

B Size 1" Ball Mounts
Holds up to 2 lbs
4" - 5" Fishfinders & Plotters

C Size 1.5" Ball Mounts
Holds up to 4 lbs
Up to 9" Fishfinders & Plotters

TRANSDUCER MOUNTS KAYAKING

Kayak fishing is all about adaptability, and RAM® Mounts offers the widest selection of kayak fishing accessories to adapt to a wide range of fishing scenarios. RAM® Mounts offers a deployable transducer arm for kayaks. This solution enables the quick and effective deployment and retrieval of your transducer, while protecting your transducer from damage. Perfect for kayak applications, the transducer arm can quickly be retrieved if you enter shallow water or when beaching your kayak.

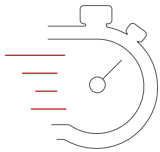

FEATURES

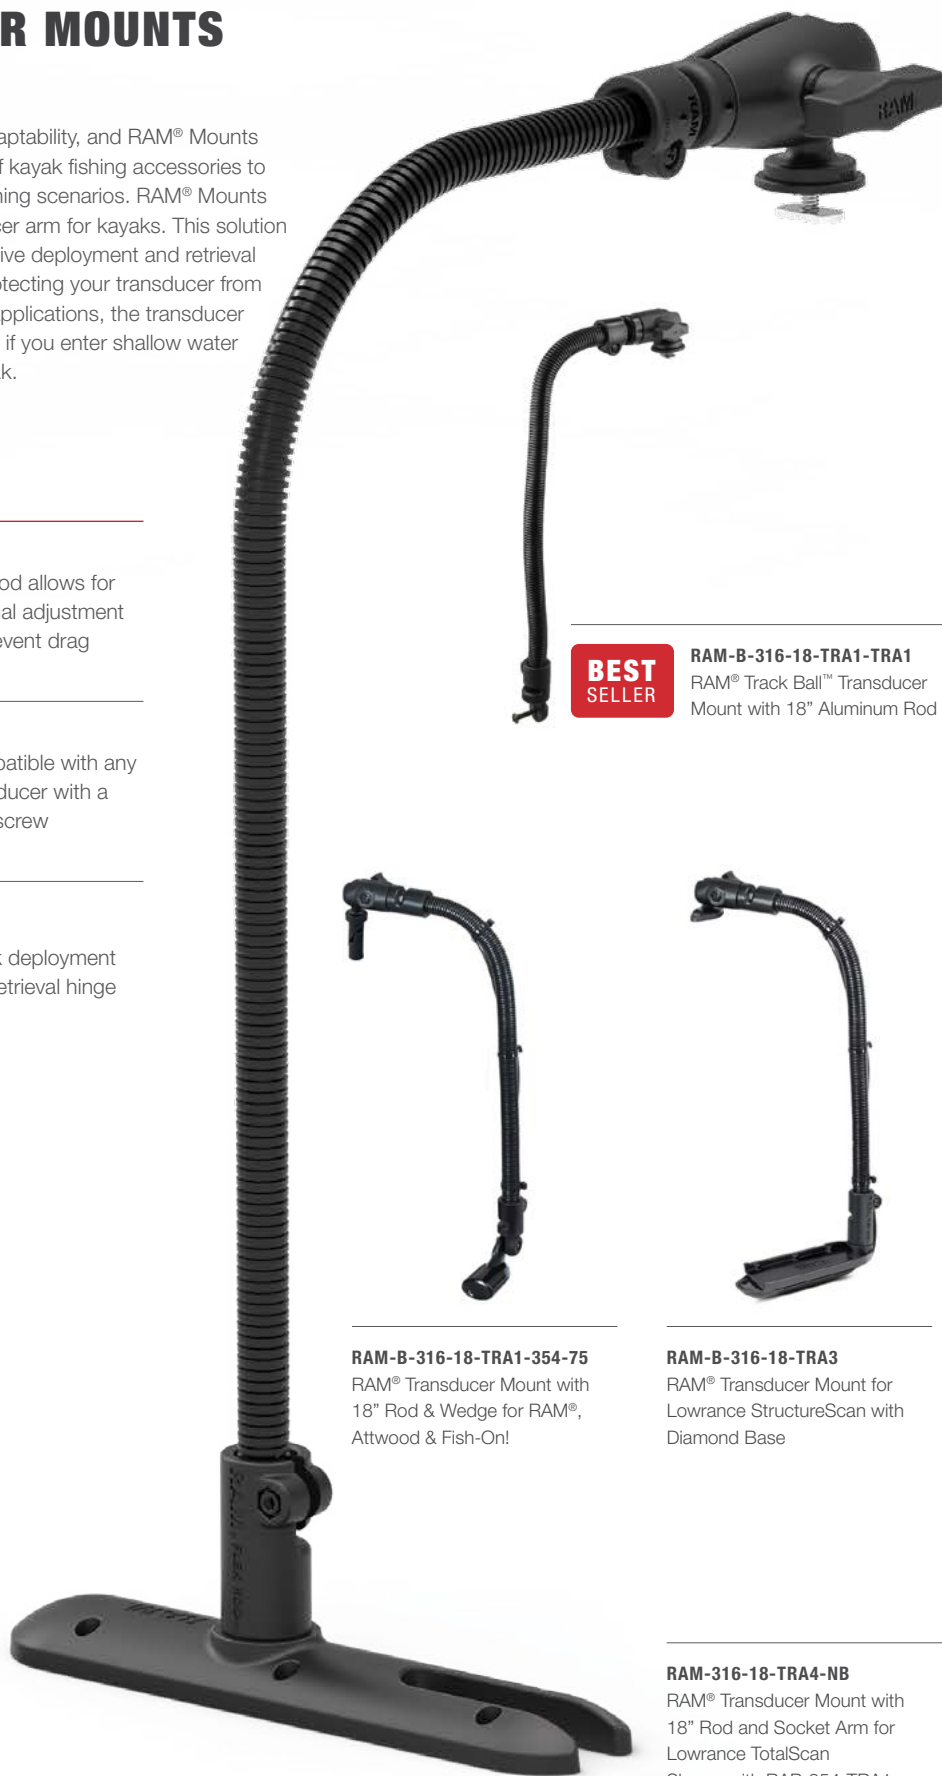

Flex rod allows for optimal adjustment to prevent drag

Compatible with any transducer with a 1/4" screw

Quick deployment and retrieval hinge

for beverage container

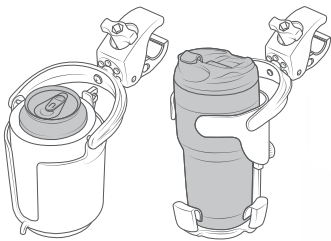

CUP HOLDER MOUNTS

Grab your Yeti and head out on the water! No place to hold your drink while you drive the boat or paddle your kayak? No worries—RAM® Mounts makes self-leveling cup holder mounts compatible with RAM components so you can mount your drink anywhere you want and trust that it won't fall into the water. Don't let your precious coffee spill, RAM® offers cup holders for 16oz and 32oz with plenty of support in case you're charting harsh waters.

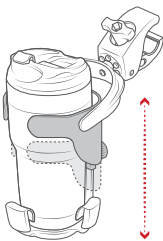

FEATURES

Self-leveling swivel mount prevents spills

16oz or 32oz drink compatibility

Height adjusts for 32oz holder

RAM® Tough-Claw™

Trolling Motor Stabilizer

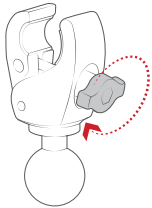

TROLLING MOTOR STABILIZERS

The RAM® Tough-Claw™ is the perfect mounting base for quick and easy tool-less installation and removal on round, square, odd shaped rails and bars. The RAM® Tough-Claw™ can be converted into the most versatile mounting option for motor stabilizers. Simply tighten the grip of the RAM® Tough-Claw™ attached to the motor stabilizer and attach the drill-down base to the most effective location on the vessel to achieve the perfect mount.

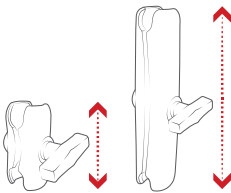

FEATURES

RAM® Tough-Claw™ ensures strongest hold

Easily adjust positions by simply loosening grip

Multi-length socket arms for desired height

SECURITY MOUNTS

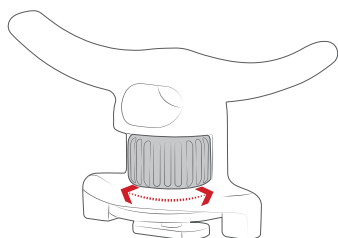

TOUGH-CLEAT / TIE-DOWNS / ANCHOR LINE

Tie-downs are critical on kayaks, and RAM® Mounts supplies strong track-based components that are easy to use and compatible with RAM® Tough-Tracks™ and most third party track systems. Keeping the versatility of the RAM® Mount system, these crucial mounts are designed to be easy to remove and install while providing a strong hold worthy of securing your supplies. Paired with a lifetime warranty, these tie-down mounts are a must-have add-on for any kayak.

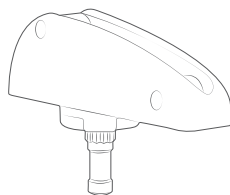

RAP-432
RAM® Tough-Cleat™ Anchor Tie-Off with Track Adapter

FEATURES

Twist knob to tighten and loosen from track

Anchor line mount compatible with post & spline systems

All tie-downs equipped with t-bolts for track mounting

RAP-357P
RAM® Anchor Line Lock with Post

RAP-431
RAM® 2-Pack Vertical Tie Down Track Accessory

DID YOU **KNOW**

The LED Bulb in this spotlight is replaceable. RAM® offers replacement LED bulbs, or you can replace with any 3rd party PAR36 bulb.
