Thule VeloSlide Garage-mounted Bike Rack

The smartest and most user-friendly bike rack for your RV garage space - load up to 2 e-bikes.

USPs

- Carry 2 bikes up to 70kg
- Ultra-convenient and easy to use by one-handed operation
- Optimized for limited space

Specifications

1. Safe transportation of 2 e-bikes up to 70kg in total.
2. Convenient, comfortable handling of your bikes - all done while standing outside.
3. Unique, patented one-handed control.
4. Slides out up to 1.5 meter.
5. Slides partially into the garage for easy access to other cargo around the bike rack.
6. Fits larger bikes by making optimal use of vertical space. Please ensure your RV garage is high enough for your bikes.
7. Sturdy, secure bike holders and wheel holders with pump buckle straps.
8. Bike's ideal position can be optimised without tools - and even while the bike is already attached to the rack.
9. Takes little space when not in use - the rack can be slid to the side or removed completely only leaving small mounting rails on the garage floor.
