

OSRAM LIGHTsignal LED BEACON LIGHT

Light is safety – See and be seen with OSRAM

The OSRAM LIGHTsignal LED BEACON LIGHT is a 360° rotating, amber LED rotating beacon that can be mounted on vehicles with unusual width, length or load, as well as on municipal vehicles, emergency vehicles, command vehicles and accident assistance vehicles to draw attention to an unusual situation in road traffic or in the working environment. The LIGHTsignal LED warning light from OSRAM complies with the ECE R10 and R65 guidelines and is therefore approved for use in road traffic.

The rotating beacon from OSRAM can be used for better visual recognition, marking and securing of danger spots or special locations. Furthermore, rotating beacons are used in certain facilities, on machines and devices as well as in alarm systems. The LED rotating beacon from OSRAM is characterized by a high efficiency due to eight long-life high-power LEDs with up to 1900 Kelvin and 1200 Lumen, thus ensuring improved visibility and thus increased safety for you and others - day and night. The OSRAM LIGHTsignal LED BEACON LIGHT convinces with a high luminosity and at the same time with a low power consumption. Thanks to the low power consumption of the LEDs, the rotating warning light from OSRAM is also suitable for use over a longer period.

Features

- 360 degree rotating beacon light
- 8 High-performance long-life LEDs
- Bright amber light
- Up to 1200 Lumen
- Up to 1900 Kelvin
- 12V/24V compatible
- Protection class: IP65 & IK08
- Shatterproof polycarbonate housing
- Shock absorbing, fully rubberized base
- Certified in accordance with ECE R10 and R65
- Mounting method: 3 bolt fix
- Made in Italy
- 2-year OSRAM Guarantee¹⁾

Benefits

- Improved visibility and thus increased safety for you and others
- LEDs provide high luminosity by day and night
- High-performance LEDs ensure a long lifetime
- Tested against the ingress of dust and water according to IP 65
- Tested against impacts and shocks according to IK 08
- Compact and modern design
- Mounting material included in scope of supply
