Thule Motor Kit TO 5200

12 VDC motor for Thule Omnistor 5200 awning.

USPs

- Retrofit installation
- Ease of use
- Security operation
- Integrated with Thule look

Specifications

1. Retrofit installation: by replacing the gearbox of a manual Thule Omnistor 5200 awning.
2. Pre-installed on a limited range:
 - Awning lengths from 3.00m to 4.50m
 - With fabric finish Mystic Grey - 31
3. Easy operation:
 - One-touch switch to start the motor
 - Motor stops automatically when awning is fully opened or closed
 - Auto-Tension: motor retracts in open position
4. Integrated manual override with hand crank in case of power failure.
5. Motor with thermal protection.
6. EMC approved.
7. Reverse polarity and short circuit protected.
8. Comes with a relay: in order to prevent that the awning can be operated while driving.
9. Only 1kg additional weight compared to a manual awning.
10. Same design as manual awning with only 3cm additional length.
11. Different colours available to match the awning colours.
12. Consumption: Out 3A / In 7A / Peak 17A.
13. Noise level: 65 dBA.
